

WE DON'T  
HAVE ENOUGH  
MONEY TO COVER  
LIVING EXPENSES  
THIS MONTH.

Come  
again?

Ah, no,  
I heard you  
the first time,  
you don't  
have to tell  
me a second.

We  
don't have  
enough  
money to  
cover living  
expenses  
this month.

What  
the hell  
did you  
buy

We  
were just  
discussing  
being careful  
about saving  
money the  
other day!

Ah...  
what do  
you mean  
by not  
enough?!

Well...  
About  
that...

GARUDA  
SHIPPING HERE!  
I'VE ARRIVED  
WITH THE  
ITEMS YOU  
ORDERED!!

It's  
nothing  
luxurious  
in partic-  
ular...

# IT'S MY LIFE

PEACE SELLS...  
BUT WHO'S BUYING?

IT'S MY LIFE DAY24 Peace Sells... But Who's Buying?

and  
right now,  
they're holding  
a 40% off  
campaign for  
furniture!

"Garuda  
Shipping",  
where our men  
work, has made  
a partnership  
with "Furniture  
Oak",

Yeah!

...What?  
A new  
service?

A few  
days  
ago...

Yeah,  
you really  
understand me,  
don't you?  
I gratefully  
accept.

Mister,  
I figure you're  
into stuff  
like that, so  
I'll leave that  
catalogue  
with you!

What!/?  
That's  
magnificent!

I know,  
right!/?

Hmm...  
I see...

...If you  
buy seven  
or more,  
shipping  
is free,  
huh...?

Let's see...  
Oh, this  
seems nice...  
There's a  
label here...

...Nevertheless,  
I can't really  
waste money...  
I guess I'll  
just have a  
fun time  
browsing...

**YOU'RE  
TOTALLY  
BEING  
MANIPULATED  
BY THE  
MERCHANT,  
AREN'T  
YOU!!?**

But...  
You save  
more if  
you buy  
in bulk...

**...AND  
THAT'S  
WHY YOU  
BOUGHT  
THIS  
MUCH!?**

**DISAPPOINTED...**

We... well,  
I ordered  
it because  
I thought it'd  
make you  
happy, but...  
guess  
you're not  
pleased by  
it then...?

Astra-sama,  
even though  
I told you  
to only buy  
what we needed...  
Isn't this just  
going to be  
a waste of  
space?

What's  
in this  
giant sock...

...A  
"plushie",  
was it?

I wonder  
what kind  
of plushie  
it is-?

Th-that's  
not what  
I meant.../  
I'm really  
happy...

And yet,  
I...

Astra-sama  
went out of  
his way for  
me.

Still,  
spending  
this much  
money is  
worrisome.

So...

Money isn't  
something  
that you  
need to worry  
about.

Well,  
even though  
we went over  
our budget  
this month,  
I've still got my  
savings and  
retirement  
money.

It felt  
like it moved  
just now.

They're  
one-off jobs  
that each town  
requests that  
are meant for  
adventurers.

They're small  
scale jobs the  
Chivalric Order  
wouldn't undertake,  
such as exterminating  
monsters or escorting  
merchants or doing  
odd jobs for villagers...  
There are many  
different job  
details.

"Quests"  
...?

And I'd  
like you  
to help  
me too.

I'm  
thinking  
about  
taking up  
some  
"quests."

Be it  
monster  
extermination,  
mowing a  
garden, or  
cleaning a room,  
I'll pull them  
all off magnifi-  
cently...!

Heheheh...  
There is no  
quest I cannot  
complete, being the  
former captain of  
the Holy  
Chivalric  
Order's 1st  
Company.

**EH-**

We  
don't  
have any  
requests  
in our  
village.

I-I'm  
sure there's  
something,  
right? Even  
if it's manual  
labour or some  
odd jobs...  
I'll do anything  
as long as  
you leave it  
to me!

Th...  
that's...

Well,  
for the most part,  
we can do everything  
on our own, so...  
And there aren't any  
dangerous monsters  
in the area either...  
I'm sorry, but there isn't  
really anything  
we can request  
help for...

Ho-  
how  
come!?

What the hell?  
Can't you even  
listen to  
what I have  
to say?

Just a  
series of  
heart,  
huh?

Did you  
just say  
you'd do  
anything?

**NO,  
I DIDN'T.  
SORRY FOR  
BOTHERING.  
I'LL SEE YOU  
LATER.**

Th-  
this is!!

...Hm?

That's  
indeed  
concern-  
ing...

I'm at  
a loss here,  
that was  
totally  
unexpected.

To  
think that  
Brethren  
Village  
isn't  
giving any  
quests...

It's a  
service  
where they  
buy your  
unused  
second-  
hand  
goods!

It's  
Garuda  
Shipping's  
second new  
service!

Astra-  
sama,  
look!!

I see!  
How  
clever,  
Noah!

With this,  
we can  
clean up  
the house  
and make  
some  
money too,  
so it's  
"killing  
two birds  
with one  
stone"!!

I get  
praised!  
There,  
there.

...Nevertheless,  
Astro-sama's  
house doesn't  
really have  
that much stuff,  
does it...

Well then...!  
Time to search  
for things  
that'll be  
worth money!

Is  
some-  
thing  
wrong  
with the  
stairs?

Come  
here for  
a sec.

Hek...  
That's what  
it seems,  
huh?

Truth is,  
the space  
below the stairs  
is being used  
for my secret  
crap, but...

バキッ

It's a wonder how this much stuff got accumulated here...

I didn't really have time to tidy things up so after I crammed in a ton of stuff, this place ended up like Hell.

**THE GARBAGE SACK'S OVER THERE.**

This is the magical tool we got from Riff-senpai...

We'll split it up into three categories. Stuff to keep, stuff that we can sell, and garbage.

It's a good opportunity. Let's clear up the clutter.

...Ky's name isn't here... I must've thought I'd never be able to reconcile with him...

Rose's handwriting is beautiful...

Oh, this looks like the collection of photos my subordinates gave me when I retired...

Ugh, this is an album I bought a long time ago but couldn't bring myself to use because it would've been a waste... It's probably spoiled by now...

**Astra-sama, you stopped cleaning!!!**

Everyday Cleaning

Ohh... Isn't this the brightest know-how book that I loved to read back when I was an apprentice? Well now, it's been quite a while...

Ah, that's...

What is this large package?

I'm getting told by a little girl...

Sell what should be sold! Throw out what should be thrown out! you have to be resolute!

This isn't the time for you to reminisce in your memories!

I wonder how something so important ended up... here...

I put in all my efforts and sweat, didn't I?

Recently, when Ky dropped by, he brought me a few sketches.

I was supposed to decorate my house with the ones that I could use as decoration, but...

...How about we just leave them here...

And it kinda breaks me out that the conventional rock of the air

They're difficult to hang up, difficult to sell, and difficult to toss away. What do you think I should do with them?

Throwing things away has never been my forte, but it'll be bad if I don't clear things out soon.

That's because "objects" are existences materialized from memories.

They'll keep building for as long as you're alive. If you live for 35 years, this is how much you'll end up with.

Nevertheless, it seems you stowed away this this much, didn't you?

Add in Gor-Gor, and it'll be two people and a pet.

From here on, we can only keep the memories between us.

...And this should be it...

These  
seems to  
be the things  
that are  
worth  
money.

Books,  
tableware, bags,  
old equipment,  
undamaged herbs,  
unused  
magical tools,  
unused interior  
decorations...

What's  
this...?

Eh...?

Noah.  
I'll give you  
something  
nice.  
Show  
me your  
hand.

Oh  
yeah.

I believe  
it's a talisman  
that shows  
you the way  
back home  
when you  
get lost.

That's a  
*"Path-  
finding  
Rock"*.

It's a  
beautiful  
rock,  
isn't it?

Perhaps  
it really is  
guiding  
me?

However,  
the more I  
think about it,  
the more I  
think it might  
have a soul  
residing  
within.

The  
kid me  
thought it  
was the  
real deal, so  
I've always  
treasured  
it.

Looking  
back,  
it was a  
fake amulet  
that I could  
buy with my  
pocket change  
as a kid,  
but...

...Though,  
truth is,  
it's a present  
I bought as  
a gift back  
when I was  
little.

You're  
saying  
too  
much...!!

Since I  
figure it'd help  
out a careless  
person like you  
whenever you  
do end up  
lost.

...For  
me...

It's not  
going to  
be worth  
anything  
even if I  
tried to  
sell it, so I  
want you  
to have  
it.

Fufufu.

Is that  
right?  
I don't think  
it's that  
beautiful.

I'll  
treasure  
it.

Although...  
it's a  
beautiful  
rock,  
isn't it?

A deep  
turquoise...  
Like Astra-  
sama's  
eyes.
